Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Applicant inquired why the amendment after final was not entered, more particularly why new claim 46 was not entered to re-enter claim limitations from cancelled claim 20. Examiner pointed out amended claims 18, 29 and 30 included "an acrylate system as the sole binder" and new claim 46 included "acrylates or a mixture of polymers or copolymers having a high acrylate content as a binder" which was not present in the originally presented claims, including claim 20 before it was cancelled. Examiner asked for clarification of an acrylate system, which Applicant defined as acrylates or a mixture of polymers or copolymers having a high acrylate content, as is presented in new claim 46. Applicant stated an RCE will be filed to enter claim 46 into the application.
